EXPERIENCE

Technology Advisor

Prospect Road Community Center

May- September 1 2015;
June-Sept 1 2016

- Served as the front face for the community center providing excellent services for members.
- Planned and hosted technology related community events weekly.
- Troubleshooting and solved computer and 3D printer problems for community members.

2011- 2016

Technology Consultant

Moss Media

- I would be responsible for video editing that consisted of syncing audio to video and slicing and fading the clips together.
- I would monitor 1:1 playback recordings of old VHS and Betamax tapes and ensure they were correctly digitized and archived.
- I photoshopped images to be used in websites for clients.
- Assisted in website development and provided consulting and deliverables on Drupale websites.

Junior Game Developer

Chokehold Inc.

April-October 2016

- Acted as lead developer for a match 3 mobile game and provided working deliverables on time.
- Worked closely with artists to create a unique look and feel for the game.

Software Quality Assurance

Swept

April- July 2016

- Performed black box testing in order to ensure that new builds of the application successfully operated.
- Developed automated testing package using Appium.

Junior Software Developer - COOP

September - January 2015

STI

- Primary responsibilities were to update and develop new features on an in-house software.
- Secondary responsibilities were to develop a web portal on Drupal
- convert PSDs into formatted web pages
